

Academic 2015

- Jan 19-20 International Symposium on Advanced Robotic Techniques in Urology
University College London Hospital
London, England
Invited Faculty
Lectures: Tumor Localization and Excision During Robotic Partial Nephrectomy
Extended Pelvic Lymph Node Dissection During Robotic Prostatectomy
Matched Paired Analysis of Transperitoneal vs. Retroperitoneal Partial Nephrectomy
Live Surgery: Robotic Dismembered Pyeloplasty
- Jan 21 Humanitas Hospital, Milan, Italy
Invited Lecturer
Surgical Approaches to daVinci Partial Nephrectomy
- Jan 22-23 3rd Techno-Urology Meeting, San Luigi Hospital
Orbassano, Italy
Invited faculty
Live Surgery: Robotic Retroperitoneal Partial Nephrectomy
- Feb 5-7 SMU-AUA Highlights meeting, Puerto Vallarta, Mexico
Invited faculty
Lectures: Biopsy of small renal masses, when and how?
Is partial nephrectomy the new standard?
Cytoreductive surgery in kidney cancer, who is the ideal candidate?
- Feb 20-21 Society of Robotic Surgery, Orlando, FL
Invited faculty
Lectures: Challenging Cases-Robotic partial nephrectomy for posterior tumor
Robotic partial nephrectomy for intrarenal tumor
- March 7 Washington University School of Medicine Robotic Prostatectomy and Partial Nephrectomy Symposium, Las Vegas, NV
Invited faculty
Lectures: Transperitoneal vs. Retroperitoneal Robotic Partial Nephrectomy: Matched Paired Analysis
Extended pelvic lymph node dissection during robotic prostatectomy
Robotic prostatectomy with nerve sparing
- March 13-15 Miami International Robotic Surgery and Urologic Oncology Summit
Miami, FL
Invited faculty
Lectures: Robotic RPLND for the treatment of testicular cancer

Extended pelvic lymph node dissection during robotic prostatectomy
Retroperitoneal approach for robotic partial nephrectomy
Transperitoneal robotic partial nephrectomy

- March 20-21 Minnesota Urological Society Spring Symposium
Minneapolis, MN
Invited faculty
Lectures: Building efficiencies in robotic prostatectomy
Advances in robotic renal surgery and RPLND
- May 15-19 American Urological Association Annual Meeting
New Orleans, LA
Plenary session moderator: Robotic partial nephrectomy live surgery
Moderated poster: Transperitoneal vs. retroperitoneal robotic partial nephrectomy: matched paired analysis
Video presentation: Robotic RPLND using the daVinci Xi
Egyptian urological society-Invited lecturer: Retroperitoneal robotic surgery
Italian urological society-Invited lecturer: Robotic partial nephrectomy-the advantages
Society of Urologic Robotic Surgery: Program Chair and Society President
- June 12-13 Advanced Robotic Urologic Surgery: A Team Approach
New York University, New York
Invited faculty
Lectures: Robotic partial nephrectomy for hilar tumors
Robotic RPLND for the treatment of testicular cancer
- June 20 Kidney Cancer Association Regional Meeting
Fred Hutchinson Cancer Research Center
Seattle, Washington
Invited Lecturer: The Evolution of Robotic Nephron Sparing Surgery for Renal Cell Carcinoma
- Sept 15-17 European Robotic Urology Society Annual Meeting
Bilboa, Spain
Invited Faculty
Live Surgery: Retroperitoneal Robotic Partial Nephrectomy
- Oct 1-4 World Congress of Endourology Annual Meeting
London, England
Invited Faculty
Lecture: Russian Endourology Society Meeting
Retroperitoneal Approach for Robotic Partial Nephrectomy
Symposium: Advanced technology and robotics in kidney disease

Robotic RPLND and Retroperitoneal Access with daVinci
Plenary Lecture: Robotic Retroperitoneal Lymph Node Dissection
Society of Robotic Urologic Surgeons: President and Program Chair

- Oct 8 Kaiser Permanente Robotic Surgery Conference
Las Vegas, Nevada
Invited Faculty:
Lecture: Robotic Partial Nephrectomy for Complex Renal Masses
- Oct 9 Ohio Health Robotics Symposium
Columbus, Ohio
Invited Faculty
Lecture: Robotic Partial Nephrectomy for Complex Renal Masses
Retroperitoneal Approach and Robotic RPLND
- Nov 6-7 International Kidney Cancer Symposium
Miami, Florida
Invited Faculty: Minimally Invasive Node Dissection for Locally
Advanced RCC
- Dec 4-5 Northwest Urologic Society Annual Meeting
Seattle, Washington
Presentations: Extended Pelvic Lode Dissection During Robotic
Prostatectomy
Patient Outcomes and Perioperative Complications of Trans vs.
Retroperitoneal Robotic Partial Nephrectomy
Robotic Partial Nephrectomy for Renal Angiomyolipoma
Comparison of Outcomes Between Minimally Invasive and Open Partial
Nephrectomy Across a Health Care System- First Prize for a Non-
Academic Institution
